

## Core Curriculum Outcomes Assessment Summary Form

This form is to be completed by a representative from the Core Curriculum Assessment Sub-Committee. The information provided in this form will be used by University of Detroit Mercy to inform stakeholder groups about Detroit Mercy's commitment to the intellectual, spiritual, moral and social development of all undergraduate students as they navigate through the Core Curriculum. A PDF version of this completed form will be posted to the Academic Affairs Assessment website.

### 4. Assessment Overview

How was the outcome assessed? Include semester and year, who performed the assessment, and what assessment method was used.

Briefly share how the outcome identified above was assessed, how student artifacts were collected, who performed the assessment, and what assessment method was used.

The outcome identified above was assessed in the Fall 2020 semester. The assessment was performed by the Core Curriculum Assessment Sub-Committee. The assessment method used was a rubric-based assessment of student artifacts. The rubric was developed by the Core Curriculum Assessment Sub-Committee and is available at <https://www.udmercy.edu/academics/catalog/undergraduate2020-2021/core/index.php>. Faculty attended a training session for inter-rater reliability using the Core Curriculum Student Learning Outcomes Rubric (an adaptation of the AAC&U Values Rubric). Fifty-eight randomly selected samples work (e.g., exam items, presentations) from the Fall 2020 semester served as samples of student artifacts and were assessed using the rubric. The mean score for each rubric dimension is expected to be 3.0 on a 5-point Likert scale. Was benchmarked to the following standards: <https://www.aacu.org/international-standards> (International Standards for Learning Outcomes Assessment) and <https://www.aacu.org/international-standards> (International Standards for Learning Outcomes Assessment).
